

Thalassemics India's running Projects:

HELPING HANDS

Thalassemics India is supporting the treatment of 200 plus underprivileged thalassemia patients by giving them free of cost iron chelation drugs, leucocyte filters and blood transfusions for more than 15 years.

If you wish you to apply for free medical support contact Thalassemics India at thalcind@yahoo.co.in. or info@thalassemicsindia.org.

- **Sunday Clinic at the thalassemics India office with Dr. V.K Khanna and the “Help Committee”:**

Help Committee, comprising of Rita Jain and Rekha Arora, held a clinic at Thalassemics India’s Nizamuddin office on 30th July and 27th August. Dr V K

Khanna clinically examined the patients and advised them on better management and treatment protocol. Thalassemics India invited 8 patients from Hindu Rao Hospital and 6 from St Stephen’s hospital. These children are receiving free medical support from Thalassemics India.

Bone Marrow Transplant

Thalasseemics India has supported more than 85 underprivileged Thalassemia Bone Marrow Transplant cases from the year 2005.

If you have 100 % matched donor and your income is less than Rs 5 lacs per year, please contact Thalasseemics India at thalcind@yahoo.co.in. or info@thalassemicsindia.org.
